We'd be happy to meet with you Erin. A week or so after the workshops would probably be best since we will have a better idea of where we stand at that point with next steps.

Leslie- can you please coordinate a meeting with those on this email and cc Les.

Thanks,
Diane

Hi Karen, Diane, and Rich,

I have been thinking that it is a good time for us to check-in with you about the Phase II update to Bay Delta WQCP. It would be great to discuss concepts for objectives, anticipated analyses, and progress on developing the Scientific Basis Report so that I understand your perspective and you know what to expect from EPA. If discussing these items sounds helpful to you, please let me know what times work well in the next four to six weeks.

I hope you are all well,
Erin
